- Which block is used to control the movement of a Sprite?

a. Motion	<input type="checkbox"/>	b. Sound	<input type="checkbox"/>	c. Pen	<input type="checkbox"/>
-----------	--------------------------	----------	--------------------------	--------	--------------------------
- Which block is used to control the appearance of Sprite?

a. Control	<input type="checkbox"/>	b. Looks	<input type="checkbox"/>	c. Event	<input type="checkbox"/>
------------	--------------------------	----------	--------------------------	----------	--------------------------
- What is the color of the Sound block?

a. Pink	<input type="checkbox"/>	b. Purple	<input type="checkbox"/>	c. Blue	<input type="checkbox"/>
---------	--------------------------	-----------	--------------------------	---------	--------------------------
- Which of these blocks have looping blocks?

a. Wait	<input type="checkbox"/>	b. Pen	<input type="checkbox"/>	c. Control	<input type="checkbox"/>
---------	--------------------------	--------	--------------------------	------------	--------------------------

B. Fill in the blanks using the hints given below:

Hints: Move, Go to, Sound, Say

- block helps you to add a speech bubble to the Sprite.
- block helps you to fix the position of the Sprite.
- block helps you to add music to our Scratch project.
- block lets the Sprite move forward.

C. Write 'T' for true and 'F' for false.

- Motion blocks are blue in colour.
- The position of a sprite is given by the x and y values on the stage.
- We can add music to our Scratch project by using Looks blocks.
- The change size by block, changes the sprite's costume by the given value.
