MORE ABOUT HTML

Chapter-3

Class -10

1. Write short notes on the following:

(a) <AUDIO> Tag

(b) Combo box

(c) HTML Form

(d) Internal Linking

(e) ROWSPAN Attribute

(f) CELLPADDING Attribute

2. Guess who am I?

(a) I am an attribute that is used to insert border in the table for its rows and columns.

(b) I am a tag that is used to create columns in a row of a table.

(c) I am a tag that is used to display the text after leaving a space of two indents from its side margin.

(d) I am a tag that is used to display the blocked text in subscript form.

(e) I am an attribute of the <IMG> tag that is used to assign an alternative text that will be displayed over the image when the mouse pointer is placed over it.

(f) I am an attribute of the <IMG> tag that takes the URL of the image to be displayed.

(g) I am a tag that is used to display a text exactly same as it is typed in the text editor.

(h) I am an attribute that is used to assign background colour to the entire table.

(i) I am a value of the TARGET attribute of the <A> tag that allows you to open the linked document in a new window or tab.

3. Write the HTML code to display the following on a web page:

(a) H_2SO_4

(b) $(a^2 + b^2 + 2ab) + (a^2 - b^2 - 2ab)$
