## FORMULAS, FUNCTIONS AND CHARTS IN CALC

Chapter-6

### A. Tick (✓) the correct option.

1. Which one of these function returns the current date of the computer?
 

|                          |                  |                          |                  |                          |  |
|--------------------------|------------------|--------------------------|------------------|--------------------------|--|
| <input type="checkbox"/> | a. YEAR(TODAY()) | <input type="checkbox"/> | b. TODAY()       | <input type="checkbox"/> |  |
| <input type="checkbox"/> | c. DAY(TODAY())  | <input type="checkbox"/> | d. None of these | <input type="checkbox"/> |  |
2. Calc calculates ..... before addition and subtraction.
 

|                          |                                |                          |                   |                          |  |
|--------------------------|--------------------------------|--------------------------|-------------------|--------------------------|--|
| <input type="checkbox"/> | a. multiplication and division | <input type="checkbox"/> | b. multiplication | <input type="checkbox"/> |  |
| <input type="checkbox"/> | c. division                    | <input type="checkbox"/> | d. None of these  | <input type="checkbox"/> |  |
3. Which one of these function converts the text string into lower case?
 

|                          |                |                          |                |                          |  |
|--------------------------|----------------|--------------------------|----------------|--------------------------|--|
| <input type="checkbox"/> | a. LOWER(Text) | <input type="checkbox"/> | b. UPPER(Text) | <input type="checkbox"/> |  |
| <input type="checkbox"/> | c. both a & b  | <input type="checkbox"/> | c. RIGHT(Text) | <input type="checkbox"/> |  |
4. Which one of these shows the meanings of symbols and colours used in the chart?
 

|                          |           |                          |              |                          |  |
|--------------------------|-----------|--------------------------|--------------|--------------------------|--|
| <input type="checkbox"/> | a. Legend | <input type="checkbox"/> | b. Gridlines | <input type="checkbox"/> |  |
| <input type="checkbox"/> | c. Y-axis | <input type="checkbox"/> | d. Labels    | <input type="checkbox"/> |  |
5. LibreOffice Calc follows ..... rule for doing mathematical calculations.
 

|                          |           |                          |           |                          |  |
|--------------------------|-----------|--------------------------|-----------|--------------------------|--|
| <input type="checkbox"/> | a. BEDMOS | <input type="checkbox"/> | b. BODMAS | <input type="checkbox"/> |  |
| <input type="checkbox"/> | c. BODMOS | <input type="checkbox"/> | d. BEDMAS | <input type="checkbox"/> |  |

### B. Complete the steps to change the chart layout.

Step 1 ..... anywhere on the .....

Step 2 Click on the ..... tool from the .....

Step 3 In ..... dialog box, type title for the ..... , X-axis and Y-axis.

Step 4 Click on the ..... button.

Step 5 Click on ..... button.

Step 6 Click on ..... button to move the ..... of the chart to ..... of the chart.
