STORAGE DEVICES

Chapter-8

A. Guess who am I?

- I can be used in a mobile phone, digital camera or similar devices to increase their storage capacity.
- I am circular in shape and have a shiny surface.

B. Name three storage devices. Draw their pictures.

C. Write 'T' for true and 'F' for false.

- CD stands for circular data.
- Pen Drive is also a storage device.
- DVD has more storage capacity as compared to CD.
- Computers can't store data for future use.
