INTRODUCTION TO HTML

Chapter-2

1. Answer the following questions:

- What is Hypertext?
- What do you mean by markup?
- Which software is used to view a web page?
- What is empty tag?
- What are attributes?

2. Guess who am I?

- I am an attribute of <BODY> tag that is used to set the background colour of the displayed screen.
- I am the attribute that is used to set an image as the background of a web page.
- I refer to the blank space from the edge of a page.
- I am an attribute of tag that is used to set the colour of the text.
- I am a container tag that makes the enclosed text inside it one size smaller than the default size.
- I am a tag that is used to add shaded horizontal lines across a web page.

3. Write the HTML code to create the following web page:

ORANGE EDUCATION
ORANGE EDUCATION
ORANGE EDUCATION
ORANGE EDUCATION
ORANGE EDUCATION
ORANGE EDUCATION

Note: You can choose the background colour of your choice.

4. Application based question.

Manish wants to know the name of any two text editors that can be used to write the code for an HTML web page.

Suggest him the name.
