INTRODUCTION TO C++

A.   Write 'T' for true and 'F' for false.

1.   C++ is an Object-oriented programming language.

2.   .cplus is extension of C++ program file name.

3.   C++ is compiler-based language.

4.   Tim Berners Lee is developer of C++.

B.   Guess who am I?

1.   I am known as pre-processor directive.

2.   I keep the output window open until you press any key from the keyboard while you running your program.

3.   I am an object used to print messages on the output screen.

4.   I am a pre-defined function which is entry point for the compiler.

C.   Write the output of following program:

```
#include<iostream.h>
#include<conio.h>
void main()
{
    cout<<"We should respect our elders";
    getch();
}
```

D.   Write a program to display the following:

"My name is Tanmay Sharma.
  I love to read books."

E.   Identify the errors in following code:

```
#include<iostreamh>
#include<conio.h>;
void main();
{
    cout<"This is an example;
}
```
