INTRODUCTION TO C++

Chapter-1

A. Answer the following questions:

1. Write any 4 features of C++.
2. Why we need to run a program?
3. What is the use of getch() function?

B. Identify the following in the program given:

1. Header files
2. Functions
3. Comments
4. Object

```
#include<iostream.h>           // Line 1
#include<conio.h>               // Line 2
void main()                    // Line 3
{                               // Line 4
    cout<<"I am a good programmer"; // Line 5
    getch();                   // Line 6
}
```

C. Write a program to display your name.

D. Identify the mistakes in the following code:

```
#include<iostream.h>
#include<conio.h>;
void main
{
    cout<<"Hello World";
}
```
